uninhabited  
island near  
the north

think  
about  
where  
we are  
logically

ooo  
ooo  
ooo  
ooo  
:

gyaa

even if we  
were on a  
high speed  
ocean current,  
we haven't  
been drifting  
for that long

this  
makes me  
remember  
that  
American  
tv drama  
Lost

southern  
country  
birds  
around?

but why  
would  
there be  
stuff like  
anacondas  
and

a hot spring is a spring water (but it's nothing over there)

I see, maybe that's why this place is so warm...

hey

don't say weird stuff

if this is like dimension slip, I really...

enjoyable?

get in  
with

this  
feels so  
good that  
it makes  
you  
speechless

came  
for  
us?

ah  
sen  
sei

maybe  
this is  
more  
fun than  
the other  
one...

although  
this isn't  
the place  
I was  
expecting

that I  
could  
be  
here

this  
is all  
thanks  
to you,  
isn't  
it

thanks,  
sensei

since  
i haven't  
properly  
thanked  
you before

as if  
you're a  
gorilla

also your  
muscle  
mass  
is really  
impressive

sensei  
you're  
unexpectedly  
hairy
